### ES 92 Carpet Spot Cleaner

*Added November 04, 2008*

Enviro-Solutions introduces a new carpet spotter which has earned the seal of approval from the Carpet and Rug Institute. ES 92 is recommended to remove stains such as coffee, urine, wine, grass, soft drinks, and blood.

ES 92 directions state: "Simply spray ES 92 around the stain. Allow the chemicals a few minutes to dissolve the stain, and then rinse with water. Repeat if necessary; some stains may require the use of a dull tool to work the chemicals into carpet fibers."

ES 92 is advertised as biodegradable, safe, and made from renewable resources whenever possible. Enviro-Solutions is a manufacturer of environmentally preferable cleaning products. An ISO-9001 certified company, Enviro-Solutions was established in 1994 to develop and market environmentally preferable cleaning products and solutions.
