DriMaster Jetless Upholstery Cleaning

Added November 13, 2008

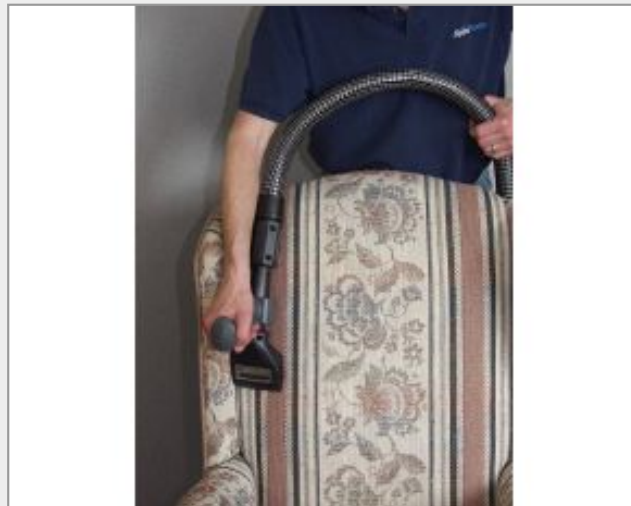

HydraMaster announces an upholstery cleaning tool designed to take the worry out of upholstery cleaning.

With the all-new patented DriMaster Jetless Cleaning System, there is no over-wetting of fine upholstery, so, the product does not require drying with a vacuum pass.

The system has an enlarged cleaning head, is lightweight, easy to work with, cool to the touch, virtually unbreakable, and produces high-flow/low-residue moisture that shears away soil and allows fabrics to dry as much as 50-percent faster than conventional tools.

For more information, call toll-free: 800-426-1301, or visit www.hydramaster.com.
