Backpacks with Wearability

[Click Here to Enlarge Picture](#)

Powr-Flite

Release date: April 10, 2009

Fort Worth, TX - April 10, 2009 - Many backpacks perform well but are so noisy and uncomfortable that cleaning professionals just do not like to use them.

Now Powr-Flite introduces two new backpacks with wearability-the PF600BP (six quart) and PF1000BP (ten quart).

These machines are quiet, lightweight, and super comfortable to use and wear.

Both models are ergonomically designed to protect the users' backs and shoulders with a waist harness that assures proper fit.

And don't forget
