**The Equivalent of Three Vacuum Cleaners
Rolled into One**

The 30-inch-wide CK 3030 from Tornado Industries delivers the performance of three upright vacuum cleaners, allowing users to vacuum up to 10,000 square feet of carpeting per hour.

The CK 3030 has two high-efficiency vac motors providing 224 cfm. An 1,800 rpm brush loosens deeply embedded soils and lifts compressed carpet pile, making it perfect for vacuuming high-traffic areas.

And the CK 3030 is also safer for the environment with a four-stage filtration system, two vacuum motor exhaust filters, and a Clean-Air exhaust filter.

For more information, visit www.tornadovac.com, or call toll-free: 800-VACUUMS.
