The Powerhouse of Wet/Dry Vacuums

Powr-Flite's PF 55 is none other the "powerhouse" when it comes to wet/dry vacuums.

The PF 55 is a 20-gallon wet/vac with an 18-gauge stainless steel body for long lasting durability.

With 114 CFM and 100" waterlift, the PF 55 is also sound insulated.

Plus, its two-stage filtration process includes a washable permanent cloth filter bag that keeps dust from circulating back into the air

And for ease of operation and better ergonomics, just "tip and pour" to remove wastewater, no heavy lifting is ever needed.

For more information, visit www.powrflite.com, or call 800-880-2913.

About Powr-Flite

Established more than 40 years ago, Powr-Flite manufactures a full line of floor-care equipment and carpet extractors for the professional cleaning industry. Based in Fort Worth, TX, the company has over 20 patented designs and its products are recognized throughout the world for their innovation, durability, quality and performance. Their products are marketed directly to end-use customers as well as through distributors throughout the North America, Europe and the Far East.
