You'll Need a Calculator to Count all the Features

You need a calculator to add up all the features on Tornado's new Marathon Carpetrinser family of upright extractors.

Choose from three models: the 100 with 100 psi (without heat), the 200/200 psi, and 400/400 psi (both with heat). Upright design allows for easier maneuverability and improved performance; large wheels and dolly-type design make transporting a breeze; the 11- and 13-gallon recovery/solution tanks are easily accessed at the top of the machine with large openings to facilitate filling/rinsing; and each has a 20-foot, no-tangle integrated hose.

For more information, visit www.tornadovac.com, or call toll-free: 800-VACUUMS.

Available For Interviews And Industry Commentary:
Tornado® President Michael Schaffer is available for
interviews and industry commentary by calling (708) 867-
5100
